# Between The Flags

## Promoting Educator Accountability

---

Having a clear picture of what makes your team great is the first step in creating a positive, optimistic, affirming and effective team. It takes a lot of effort and skill to maintain a high performing team.

Our brand-new team workshop “Between the Flags” is designed to create a team of positive Educators who take responsibility, see solutions and make things happen.

In this seriously fun-filled workshop, we’ll explore which behaviours are between the flags (ownership, accountability and responsibility) and which behaviours are beyond the flags (denial, blame, excuses).

Teams will create a pledge for success which will clearly articulate what “good” looks like. It will help the team reflect on how they need to think, feel and behave in the future which may be different from how they are now.

We discover new ways Educators can support each other and remain positive and future-focused. We look at strategies to improve courage, compassion and connection.

### **Service Type**

FDC, LDC,  
OSHC,  
Preschool,  
Kindergarten

### **Position**

Whole Team

### **Mode**

face-to-face

### **NQS**

QA 4 & QA7

### **Duration**

120mins

For more information about how you can start your team's journey call 1300 366 896 or jump online [farranstreeteducation](http://farranstreeteducation.com.au)
