## The Educator Accountability Workshops for Teams.

### A brand-new team workshop to create a winning culture.

We have a workshop to help your Educators – as a group – say goodbye to blame, excuses and denial, and hello to a new, winning team culture.

In just 2-hours the “Between the Flags” PD workshop will create brand new positive habits for your team. When negativity and bad habits creep into a team the result is inevitably disfunction. Understanding this is the premise of ‘Between the Flags’.

Poor attitudes promote poor performance – “It was someone else’s job” – “it wasn’t my fault” – “I didn’t do it.”

We will guide your team to positive attitudes, where everyone contributes responsibility, accountability, and motivation, to create the environment where success is inevitable!

Through this workshop, your Educators as a team, will discover what they need to succeed.

#### Workshop Topics:

Participants will:

1. Complete a self-assessment to inspire them to think differently about personal accountability.
2. Explore the 10 hidden elements that can build trust and spark positivity.
3. Uncover how poor attitudes can derail the team, and how to get back on track.
4. Overcome accountability roadblocks and commit to supporting the team.

## The Educator Accountability Workshops for Teams.

"Between the Flags" is designed to create new habits.

1. Positive Attitudes
2. Personal Responsibility
3. Ownership
4. Solution Focused
5. Respect

**We explore how individual attitudes can affect team performance. We discover new ways Educators can support each other and remain positive and future-focused. We look at strategies to improve teamwork, trust, communication, and connection.**

In just 2-hours, we'll kick start a positive, supportive culture of accountability.

Witness the change – during the session – as understanding dawns on individuals and the group. See the boost to morale, the spark in positivity and accelerated personal accountability – your team is again excited to work together.

Designed by Educators for Educators, 'Between the Flags' will take your team to the next level. We come to you and work with your whole team, at a time to suit you.

After the workshop your team will:

- \* Quickly acknowledge their mistakes and focus on correcting the situation.
- \* Learn from their mistakes rather than allocate blame
- \* Keep their word and honour their promises.
- \* Push through challenges and find a way to get the job done.

You'll be able to relax as your team takes on more responsibility and transforms. Bringing with them a bright, new, optimistic attitude.

**"It's remarkable. I can see the team rediscovering their passion and purpose"**
