Leadership Essentials

Manage, Motivate and Inspire your Teams.

Making the transition from Educator to Leader can be one of the most challenging and rewarding journeys to take. In this workshop we'll explore strategies and tools for you to become a successful leader. You'll hear funny stories about those who have tried and failed and inspirational tales about those who have taken on the challenge and won!

This workshop teaches you the skills to be an inspirational leader who can motivate and engage your team. You'll learn how to deliver difficult feedback and stand up to aggressive behaviour by being assertive. We'll look at giving clear instructions and strategies to delegate effectively. Finally, we'll explore conflict, and how you can create a team that works in harmony with each other.

In this workshop you'll learn:

- Leadership
- Motivation
- Feedback
- Assertiveness
- Delegation
- Conflict

After this session, once difficult conversations will seem like a breeze, and you'll be able to de-escalate conflict by building positive, respectful relationships with your team.

As you begin to practice the skills you'll become a credible, confident leader who's respected and admired

For more information about how you can start your leadership journey call 1300 366 896 or jump online at www.farranstreeteducation.com.au
